- a. Keith Anderson- restated that there are parts that haven't been completed twice and was seeking assurance that they would. Doug Hill addressed.
- b. Tami Luty's mendacity started when she stated while not currently a resident of WLIB assessment district she had a purchase agreement in process to live in the WLIB in Edenville Township. She then presented a math question "If canals are 80 ft wide and FLTF maintains

that the property owner is responsible for 40ft from their shore line does WLIB treat the canal?” She also asked questions about funding, legitimacy of assessment, how township of Edenville pays (what is the at large assessment, how much does WLIB receive,) She referenced having been elected as a Township Clerk then Quit after discovering her inability to perform her job and suggested that we should be able to hold elected officials to a higher standard., Tami also commented that Terrance Hall does not live in the WLIB district but was appointed by Edenville Township to serve. She pointed out all the time she spent getting to know Edenville Township residents and asking them to run for the position that Mr Hall was appointed to. She continued ad nauseum until order was gained.

10. Chair Sova brought the discussion back to the Agenda. Point of Order was received regarding recommendation to increase the Mowing budget for the winter. Unanimous consent was gained to revisit and Motion was made. (See Agenda Item 6e.)
